3 Item 1 in the list Here are only 10 students in the school The communicative has proposed a grant of Rs 12 or 12 Rs per head This seems to be too low and perhaps the question may be reconsidered the more students join & the strength is peaked

Item 2 in the list may be fixed at Rs 25 as proposed by the Assistant

4 Item 4 in the list There is already Panchayat Sudarana Sangha school Reading Room & Library & Co-operative Society also Here Respectable men who can help & advise the school in one place

5 Item 5 in the list Rs 10 of Asst Inspector & the Assistant may be allowed

6 Item No 6 There is a fit institution at Bommasandra and it is not perhaps desirable to have denominational schools

7 Item No 9 The non-students is only 13 The question of a grant may be considered when the school has more strength

8 Item 10 Attendance only 11 The question of grant may perhaps be considered when the school has more pupils

9 The Assistants have been allowed & the Commissioner's Office Items 2 and 5 alone amounting to Rs 35 per month may perhaps be sanctioned Otherwise pointed

1936	£30	£20	In St Ewe's a school was opened in 1874 and continued for 4 years when it went off into a private house. Re-opened in 1881 as a Public School for Entrance Settlement. Which of the Colony. Situated locally in a valley which Contains a hall 48×15½×; a room 14'×12'×15½ and a cloak verandah 48'×12½ There is only one teacher who is a T.A (1877) and holds School management Certificate (1880) and efficient Service Certificate Second Grade Collegiate (1908) and who is paid £30 a month. The manager states that the experience of the working of the school during the period warrants the belief that with the funds available at present supplemented by the Government grant it will be possible to establish the school on a satisfactory basis by securing the services of a Sub-normal teacher and working up the school to the Standard necessary to meet modern requirements at a cost of £70 a month. The restoration of the original grant of £30 will enable the management to establish Confidence in the permanency of the school so that several more families will settle here and send their children to school. The manager prays that the original grant may be restored.
from 1 April 1936 the grant will be £20 a month			The School was getting a monthly grant of £30 from 1/7/1903 to 1st July 1907 when the School was closed temporarily for want of funds and the amount was withdrawn. And to some settlers on 1911-12 The District Inspector, Bay of Islands who visited the School on 3rd found the school to be not very satisfactory in point of strength, however he is of opinion that a monthly grant of £20 may be sanctioned for one year as an experiment, on the condition of increasing the grant to £30 if the strength of the school
